

bed bug barrier

The bed bug barrier uses natural, non toxic glue to create an impassable floor barrier and trap bed bugs before they can reach any sleeping victims

- **No chemicals**
- **Environmentally safe and friendly**
- **Extremely simple to install**
- **Discreet and affordable**
- **Never needs replacing**

	
Castor Barrier	Screw-In Barrier
Simply place the bed legs in the bed bug castor barriers to create an impassable barrier between the bed and the bed bugs	Simply attach the bed bug screw in barrier to the bed legs and create an impassable barrier between the bed and the bed bugs
<p style="text-align: center;">How does it work? The bed bugs crawl up into the unit and are stopped by the impassable glue barrier which is long lasting</p>
